Dear Friends of Gabriel House,

We have a very special need. Most of you who have visited Gabriel House have met our Shelly. Shelly is the oldest of four sisters with a neuro muscular disease of unknown origin. Shelly is twenty one years old. Her disease has progressed to a state of paraplegia. She moves only her head. Shelly has normal intelligence. She is also contractured into a lying down position. Her body is rigid. She cannot bend her knees and hips. In a few short weeks our beautiful handicapped bathroom for the girls will be complete and Shelly needs a bath gurney. Her three sisters will be able to use it too, but the one who needs it most is Shelly. It is basically a PVC stretcher that can go in the shower and has the capability to lay out flat.

You can view this wonderful contraption at Planet Mobility. Go to www.planetmobility.com on the web. Click on Gurneys and take a look at #S2460-5. It costs \$1,059.00 with all of it's bells and whistles. We want the 20" width. We want it in teal with adjustable option.

In case anyone would want to order and donate this, it can be sent to Gabriel House

C/O Mexican Medical
