

Miracles are astir at Gabriel House. God has put an even brighter light in the children's eyes and I see signs of healing and progress.

Heriberto, 6 years old, came to us broken in soul and body. He had been abandoned by his mother to an old boy friend. He screamed and pulled himself into a fetal position every time anyone came near him. He could neither sit up, walk nor use his hands. Heri has begun to enjoy the caresses and cuddling of the staff; he has started to try to crawl; he pulls himself up in his crib and has begun to smile. This little precious boy is coming alive.

Jaime stands in the standing frame and plays with toys. He tries to sing and play a toy piano; he has never done that before. He is showing an interest and talent for music.

Gabriela can sit up by herself without outside support for as long as 5 minutes. She never had the strength before. She is gaining confidence in her own abilities.

Angela smiles and tries to talk and this comes from a little girl that the doctors declared a vegetable 5 years ago. That same little girl was evaluated by a team of Doctors and specialists in hearing and communication this very week. They believe Angelica will be able to hear and speak with cochlear implants. I described Angelica as another Helen Keller. One specialist heard me and said, "She will never be another Helen Keller, Renie." but she does not know our God.

I hope you can come soon just to see the miracles taking place you would be amazed at what the Lord is doing with the kids.

MJM Company sent us the wonderful shower bed that we had been praying for. The ladies love using it on our kids because it is so easy. The kids love it because they get a better shower a win, win situation. Thank you MJM!

A team of therapists and engineers from Utah State University are visiting as I write this email. They brought with them a wonderful frame that will hold two swings. They provided a tear drop hammock which really helps and stimulates some of our kids but we are praying that a group or individual will want to donate a wheelchair swing, so that kids in their wheelchairs can swing too. For an example of this swing, go to www.flaghouse.com and put E3606 in the search box.

I also want to link to Sammons Preston again, www.sammonspreston.com to show you item number 6034-01. It is the inflatable bath tub that goes on the shower bed. It will allow children to be immersed in warm water for a soaking bath before therapy.

And great crowds came to Him, having with them the lame, blind, dumb, maimed, and many others. And they cast them down at Jesus' feet. And He healed them, so much so that the crowd wondered when they saw the dumb speak, the maimed sound, the lame walk, and the blind see. And they glorified the God of Israel.

Matthew 15:30-31

Love in the Mighty name of Jesus

Renie
