

October 30, 2008

Not only has the Lord provided the necessary funds for us to pay our outstanding pharmacy and hardware store bills along with some long over due salaries but He has provided people to help with some badly needed renovations.

You should see our new great room! It is painted and carpeted, the ceilings are dry-walled and it is ready for some seriously colorful furnishings and toys for the kids. The little dispensing med-room is also finished. It looks great and now houses all of the daily meds that the kids routinely use. All meds are locked up with keys left only to the two individuals who have been trained to dispense the medications and a key for me in case of a night time emergency. It is so much safer, more organized and more convenient.

God has enabled us to get these things done without spending any of our daily resource funds. The LA Rotary bought all the materials and is paying the wage of our own maintenance men who have already installed the carpet, dry-wall and have painted. We recycled the kitchen cabinets from the old Angel's Wing and they have become the "new" cabinets and sink for the new med-room dispensary. Luis used left over tile to re-do the counter tops and it looks just beautiful in there. We are so blessed to have Luis, Don Lupe and Carlos as handymen; they do a wonderful job! Thanks also to the LA Rotary for their financial assistance, what a blessing this renovation is to us.

Love in the mighty name of Jesus  
Ted, Renie, the staff and kids of Gabriel House
