

Gabriel House News March, 2010

Hello Friends of Gabriel House,

I do not yet have a date for the scan for the spot on my lung. I continue to believe it is nothing; maybe God has already healed me. I thank you for your continued prayers.

Ted is doing well. All of the children are doing well.

Last week Omar and Marisol said their good byes and left for the states with their brand new parents. They were adopted together, siblings God put together. We are praising God because they now have quality parents and each other as a beautiful forever family. It was a bittersweet moment because we have raised them since infancy.

Rainy season is coming to an end. We escaped the storms relatively unscathed. We did lose the roof off of our white building at the end of the cul-de-sac. That, in turn caused the drywall to buckle and fall, (what a mess!), but it revealed some bad wiring that needed our attention, so it's all good.

Because we know that all things work together for good to those who love God, to those who are called according to His purpose. Rom 8: 28.

I have daffodils blooming in my garden. Spring always brings with it an expectancy of new beginnings.

The boys will be moving into their new dorm by the end of this week, if all goes as planned. We are so thankful to the people who have donated their time energy and resources to make these beautiful dorms possible. We are calling it Nehemiah house because so many labored to make it possible. The other half, (another dorm room) is yet to be completed.

We find ourselves with another very important need. We need a new 12 or 15 passenger van. Ours is over 10 years old with many miles of bad Mexican roads under its' wheels. We need a vehicle that is safe and capable of carrying three or four children at a time, their wheelchairs and their care givers. Please believe with us that this need will be met.

The fervent prayers of the righteous avails much. James 5:16b
