

August 26, 2010

We just wanted to update you on Renie's visit to the hospital in San Diego.

She is home now and feeling much better. They ran a battery of test and when her doctor came in to see her he was shocked to see her good test results. He said, "I've never seen anyone go from where your lab work was to where it is now! Are you taking anything other than what I've prescribed for you?" Renie told him she believes in prayer and that God answers prayers and that is the only explanation for her good outcome.

Please continue to pray for her strength and energy to return. There will be follow-up doctor's visits in San Diego and she is expecting a good report then too.

Thank you for your love and support of these two servants of the Lord.

Blessings,  
David and Peggy Fend
